

GOLF CARTS

Each cart needs a **2026 permit. \$25.00** per permit paid at City Hall, to be put on your cart, and to have your golf cart inspected for all equipment guidelines. Proof of Insurance specific for the cart, slow moving vehicle sign, safety bicycle flag 5ft from ground level, and a valid Iowa operator's license, *16 years and older only*.

They are prohibited on County & State roads. Operation is only from sunrise to sunset March 1—November 15. All traffic rules and regulations must be obeyed.

Violators will be fined.

DO NOT DRIVE ON SIDEWALKS

City Wide Spring Clean Up

MAY 16TH—Watch for details

Perfect opportunity for a garage sale May 9TH

Dates to Remember:

- April 23: SPECIAL Council Meeting
- May 7: Council Meeting @ 7:00 p.m.
9: Garage Sales
16: City Wide Clean up
25: **Memorial Day**
Parade, Memorial Service and lunch
City Hall Closed
- June 4: Council Meeting @ 7:00 p.m.
- July 2: Council Meeting @ 7:00 p.m.
4: **Independence Day**

PLEASE REMEMBER—Clean up is not just about the large items we put on the curb. Keeping your trees and bushes trimmed back long our alleys, streets and sidewalks, cleaning up after our pets and putting our yard waste in it's proper place all contribute to keeping our town neat and tidy.

REMINDERS

Only licensed drivers are allowed to operate motorized vehicles on city streets

It is illegal to drain your sump pump into the City Sewer!!

NOTARY service available at City Hall during office hours.

July 1st Water Rate Increase

616 Broad Street
PO Box 278
Plymouth, IA 50464-0278

2025 WATER QUALITY REPORT FOR PLYMOUTH WATER SUPPLY

This report contains important information regarding the water quality in our water system. The source of our water is groundwater. Our water quality testing shows the following results:

CONTAMINANT	MCL - (MCLG)	Compliance		Date	Violation	Source
		Type	Value & (Range)			
Lead (ppb)	AL=15 (0)	90th	2.00 (ND - 5)	2025	No	Corrosion of household plumbing systems; erosion of natural deposits
Copper (ppm)	AL=1.3 (1.3)	90th	0.58 (0.07 - 0.74)	2025	No	Corrosion of household plumbing systems; Erosion of natural deposits; Leaching from wood preservatives
950 - DISTRIBUTION SYSTEM						
Chlorine (ppm)	MRDL=4.0 (MRDLG=4.0)	RAA	1.4 (0.89 - 1.98)	06/30/2025	No	Water additive used to control microbes
Total Trihalomethanes (ppb) [TTHM]	80 (N/A)	SGL	7.20	09/23/2024	No	By-products of drinking water chlorination
01 - SEP FROM WELL # 2 (1983) AFTER TREATMENT						
Combined Radium (pCi/L)	5 (0)	SGL	1.3	06/22/2022	No	Erosion of natural deposits
Barium (ppm)	2 (2)	SGL	0.138	06/16/2022	No	Discharge of drilling wastes; Discharge from metal refineries; Erosion of natural deposits
Sodium (ppm)	N/A (N/A)	SGL	15.5	06/16/2022	No	Erosion of natural deposits; Added to water during treatment process

Note: Contaminants with dates indicate results from the most recent testing done in accordance with regulations.

DEFINITIONS

- Maximum Contaminant Level (MCL) - The highest level of a contaminant that is allowed in drinking water. MCLs are set as close to the MCLGs as feasible using the best available treatment technology.
- Maximum Contaminant Level Goal (MCLG) - The level of a contaminant in drinking water below which there is no known or expected risk to health. MCLGs allow for a margin of safety.
- ppb -- parts per billion.
- ppm -- parts per million.
- pCi/L -- picocuries per liter
- N/A -- Not applicable
- ND -- Not detected
- RAA -- Running Annual Average
- Treatment Technique (TT) - A required process intended to reduce the level of a contaminant in drinking water.
- Action Level (AL) - The concentration of a contaminant which, if exceeded, triggers treatment or other requirements which a water system must follow.
- Maximum Residual Disinfectant Level Goal (MRDLG) - The level of a drinking water disinfectant below which there is no known or expected risk to health. MRDLGs do not reflect the benefits of the use of disinfectants to control microbial contaminants.
- Maximum Residual Disinfectant Level (MRDL) - The highest level of a disinfectant allowed in drinking water. There is convincing evidence that addition of a disinfectant is necessary for control of microbial contaminants.
- SGL -- Single Sample Result
- RTCR -- Revised Total Coliform Rule
- NTU -- Nephelometric Turbidity Units

www.plymouthiowa.us
to pay your Utility Bill

OR

Set up ACH autopay directly
through city hall for no fee. The
form is found on the city website
www.plymouthiowa.us

Get your utility bill paid on time or
risk getting it shut off.

Need help?

Community Action, Salvation Army, County
Relief or if you are 55+ Elderbridge may be
able to help.

TEXT NOTIFICATIONS

The city now has the ability to sent out
notifications via text or email.
You must provide us with your contact
information to be included. This will
only be used for emergencies or other
important updates.

**OUR NEW CITY SIGN WILL BE
ARRIVING SOON**
